

# SNUG series PALLET SCALE

DURABLE, PORTABLE AND PRICE INCLUDE WEIGHING INDICATOR

**GST-9600**

**GSW**

**GSC** .....better scales by design

**GRAND SUCCESS CO., LTD.**

**SNUG** series pallet scale are characterized by their low profile structure, superior strength and resistance to overloading. Weight measurement is performed by 4 load cells made from stainless steel with IP-67 grade protection. The structure, with leveling feet directly connected to the cells, is a simple, functional load transmission system; the unit is furthermore extremely compact and maintenance free.

**SNUG** weighing pallet come in two versions:

**A. SNUG** painted steel

**B. SNUG-A** with AISI 304 stainless steel for use in harsh ambient condition.

The indicator of GST-9600 (with RS-232C), GSW and GSC(counting scale) may be connected to the SNUG.

## DIMENSION(LxWxH)

MODEL		EXTERNAL(mm)	INTERNAL(mm)
SNUG	SNUG-A	1340 x 900 x 80	1170 x 640 x 80
SNUG	SNUG-A	1300 x 840 x 80	1100 x 600 x 80
SNUG	SNUG-A	1200 x 1000 x 80	1100 x 800 x 80

(If the dimensions you require are not shown it, GSC can manufacture to order)

MODEL		CAPACITY	ACCURACY		NET WEIGHT
SNUG	SNUG-A	300KG	50g	100g	60kg
SNUG	SNUG-A	600KG	100g	200g	60kg
SNUG	SNUG-A	1000KG	200g	500g	80kg
SNUG	SNUG-A	1500KG	200g	500g	120kg
SNUG	SNUG-A	2000KG	500g	500g	120kg
SNUG	SNUG-A	3000KG	500g	1kg	120kg

Operational temperature: -10°C ~ 40°C

Load cell: IP-67 standard.
